History

company dedicated to providing innovative solutions for various issues of modern days and adapting for the future, while satisfying the needs and expanding expectations in the field of architectural engineering for its clientele.

We are unique in using the most advanced state of art design software in developing virtual architectural models, to analyse and study the design before execution.

More than 35 years of experience has granted us in developing excellent design and supervision standards

AMA MANAGING DIRECTOR

ENG. ABDULHAKEEM AL MANSOORI

Eng. Abdul Hakeem Al Mansoori, founder and managing director of AlMansoori Architecture, holds a master degree in civil structural engineering. Experienced extensively in the field of construction and development over three decades while serving as head of the structural and survey design branch in Bahrain Defense Force (BDF), as well as practicing privately on numerous projects.

Developed and customized design software named AutoHakeem ,which helped in drafting detailed drawings with ease allowing fast computing for the most difficult designs in 2D and 3D.

"IT IS ESSENTIAL TO IMPLEMENT 3 KEYWORDS; **EASY, FAST, AND ACCURATE** WITHIN YOUR WORK PRODUCED, ALL OF WHICH CONTRIBUTE TO THE FORMULA FOR A SUCCESSFUL PROJECT."

-Eng. Abdulhakeem Almansoori

Landscape SERVICES

REDEFINING THE STANDARDS OF EXCELLENCE FOR LANDSCAPE DESIGNS, BY CREATING THE GARDEN OF YOUR DREAMS USING THE MOST ADVANCED SOFTWARE AND EXPERIENCING IT BEFORE EXECUTION. THOUGHTFUL, UNIQUE CONCEPTS TO ENRICH YOUR LANDSCAPE'S APPEARANCE WHILE USING NEW INNOVATIVE AND SUSTAINABLE METHODS.

Auditing value engineering SERVICES

We are well known for our value engineering method using the most advanced state-of-the-art design software in developing virtual architectural models. By using 3-dimensional graphics we are able to analyze and modify the building design throughout all of the technical engineering fields, resulting in a completed project with zero error and variations before the execution phase. As a result, the project's overall cost will be reduced using our method.
